Business Immigration

The services offered are tailored to suit each client's individual circumstances. Accordingly, the fees as set out below are a guide only based on time spent on a matter and may be higher dependent on the facts of each case. We do not advise on any asylum matters.

The fees below assume there are no adverse immigration history issues, urgent time constraints or the costs of appeals/administrative reviews.

Disbursments

For your information we use the term 'disbursements' to mean any costs or expenses paid or to be paid to a third party on behalf of a client (including any VAT element) except for office expenses such as postage and courier fees. Our fees and pricing do not include VAT. When applicable, VAT will be applied at the rate of 20%. VAT is charged at the standard rate the details of which are found here: VAT rates - GOV.UK (www. gov.uk/vat-rates). Not all parts of the search pack attract VAT.

The costs shown below therefore do not include any UKVI or Home Office application fees, immigration health surcharge, appointment costs, translation costs, courier costs, life in the UK test, criminal record certificates, tuberculosis testing, barristers fees, etc.

If any disbursements are paid on your behalf, these will be charged to you.

Key stages

- 1. We will discuss your individual circumstances and advise on the immigration options open to you together with what supporting documentary evidence is required
- 2. Drafting application forms and reviewing supporting documents
- 3. Preparing application for submission with covering letter explaining how you meet the immigration requirements for the particular visa
- 4. Submission of your application and receiving decision on your visa

Timescales

These can vary dependent on your exact circumstances, the type of visa you are applying for and whether it is being applied for with the ability to fast track a decision by paying a higher application fee.
